MorningCoach.com Life, Business and Executive Coaching

There are many benefits to becoming a MorningCoach.com Certified Coach:

1. Certified Coaches will get 30% residual commission on clients brought into the MorningCoach.com system.
2. They will receive 90% of all commission for all clients brought in through coaching certified members efforts and build through the MorningCoach.com system.
3. They will receive 70% commission on all clients or leads that MorningCoach.com provides to them.
4. They will receive a commission on all products purchased by their clients and events attended. This will be determined by product and event.

Here is an example.

Mike signs up and completes the basic Life Coach Certification.

He starts his Coaching business and brings 50 people into the MorningCoach.com system. This earns him a $50 \times \$20 \times 30\% = \300 monthly residual as long as those people stay in the system. (This is based on a basic Morning Coach.com membership of \$20 a month)

He then has 5 new clients at an average billing of \$500 a month he bills through MorningCoach.com $\$500 \times 5 \times 90\% = \2250 Month for coaching

Then MorningCoach.com refers him 3 clients at \$1000 each that would be $3 \times \$1000 \times 70\% = \2100

This month he would make $\$300 + \$2250 + \$2100 = \4650 in Coaching Revenue**

The MorningCoach.com Master Coaching Level (MCMC)

Master Coach is a very special level that works with and trains other coaches.

The MCMC gets a 10% commission for their group of coaches as well as all commissions for their clients, MC leads, etc.

MCMC receives a 10% residual on all the MorningCoach.com memberships of their coaching group as well as 10% of coaching revenue generated by their group of coaches.

For example:

Linda finishes her MCMC certification and she now has Mike, who is a coach, in her group. She works with Mike and his clients to insure his success. She is compensated for assisting Mike. Linda becomes Mike's Master Coach.

She receives 10% of Mike's residual, which was \$300 – it would be \$30.

She also receives 10% of Mike's total coaching billing above which was \$4350 ($\$435 + \$30 = \465) for helping Mike and his business**

Linda would also receive all the coaching revenue she has built up in her own coaching scenarios similar to Mike above.

As Linda continues to grow she will have more coaches as her responsibility and will continue to earn more income as the number of coaches under her increases.

Clearly you can see how she can grow substantial revenue by helping herself and other MorningCoach.com certified coaches.

It is truly a win-win for everyone.

**This is an example how the system would work. Every individual situation will vary and there are no guarantees of revenue. All of the tools and training will be provided however individual results will vary.
